[proposed] ORDER NUMBER TWO GRANTING PRELIMINARY INJUNCTION

Case 2:20-cv-02470-WBS-JDP Document 16-9 Filed 12/29/20 Page 2 of 3

1 This matter is before the Court on Petitioners' Motion for a Preliminary Injunction, or in the 2 alternative Request for Order to Show Cause. Having considered the motion, including Petitioners' Memorandum of Law, supporting evidence, matters subject to judicial notice, and Respondent's 3 4 opposition thereto, and having further considered: (1) the likelihood that Petitioners will succeed on 5 the merits of their claims; (2) the likelihood that Petitioners will suffer irreparable injury absent an 6 injunction; (3) whether injunctive relief would substantially harm Respondent; and (4) whether the 7 public interest would be furthered by an injunction, this Court concludes that Petitioners are entitled 8 to preliminary injunctive relief. The Court finds that Petitioners have satisfied all of the above 9 elements of proof. 10 THEREFORE pursuant to Federal Rule of Civil Procedure 65, Petitioners' Motion is GRANTED. 11 12

The Court finds:

- 1. Because vaccinology is devoid of safety studies comparing the vaccinated to true unvaccinated controls, all vaccination is experimental. Covid-19 vaccination is openly experimental. Many Americans are unknowing participants of a mass medical experiment being conducted without consent.
- 2. Vaccines are unavoidably unsafe as injury and death can result from side effects that are unavoidable even though the vaccine may be properly prepared and accompanied by proper directions and warnings. See e.g., 42 USCS § 300aa-22; Code of Federal Regulations, Restatement of Torts, (Second) 402A (k) ("Unavoidably Unsafe"). The United States Supreme Court has opined on this classification in Bruesewitz v. Wyeth LLC, 562 U.S. 223, 234, 251 (2011).

Preliminary Injunction

Accordingly, Respondent is hereby enjoined, until such time as the Court enters judgment on the Petitioners' claims for relief, as follows:

> **A.** Within the United States of America and its territories, any laws, regulations, or policies, which purport to place in any branch of government or any agency thereof,
