1 I, Joy Garner, hereby declare:

15

I am the lead Petitioner in the above-entitled action. I have personal knowledge of the
 matters discussed herein, and if called as a witness could and would testify competently thereto.

2. In this case, Judge William B. Shubb only entered orders that would protect and advance his
financial interests, and no others. A mere glance at the subject of the complaint made it impossible
to miss the fact that Shubb had, and knew that he had, a *serious* conflict of interest against the
Plaintiffs' interests. Shubb had an obligation to recuse himself before taking any actions in this case,
and he did not.

9 3. But I'll get right to the more imperative point. Judge Shubb is heavily invested in the
pharmaceutical industry, specifically in companies that profit from the vaccine programs, and from
the drugs sold to treat the health injuries they cause, of which the Plaintiffs directly complained.
Whether or not they are mandated, vaccines have physically destroyed, and continue to destroy,
most people exposed to them. These injected drug-exposures now pose a grave and imminent threat
to the *survival of* this Nation.

1 **CAUSE**

7 All Roads Lead to <u>Injured Immune Systems</u>

8 6. All of the most common, rapidly-exploding, and *deadly* health conditions observed in 9 Americans today are known to be caused by immune dysfunction, including heart disease,² 10 11 12 13 14 15 16 17 18 19 20 21 22 ¹ This includes exposures to vaccine-related pharmaceuticals which contain immune systemalteration chemicals commonly referred to as "adjuvants" including, but not limited to, aluminum 23 oxides which are injected directly into the body and referred to as merely a "vitamin shot" by medical staff. 24 ² "Atherosclerosis (AT) was once considered to be a degenerative disease that was an inevitable consequence of aging. However, researchers in the last three decades have shown that AT (heart 25 disease) is not degenerative or inevitable. It is an *autoimmune*-inflammatory disease associated with infectious and inflammatory factors, characterized by lipoproteins metabolism alteration that leads 26 to *immune system activation* with the consequent proliferation of smooth-muscle cells, narrowing arteries and atheroma formation." 1 99.74% Vaccine-Exposed

7. Over 99% of the American population has been exposed to this class of product, which is
specifically engineered to permanently alter the immune system. No tissue of the victim is
"immune" to this programmed-attack against their own bodies, which is triggered by direct
injection. This mechanism works like a delayed incendiary device, such that the damage can take
many weeks, months, or years, before the victim knows there's a serious problem.

8. And Pharma's only "alibi", i.e., pharma's only possible defense, is that the damage was not
immediately diagnosable, or "I was in Hawaii when the building was burned to the ground." And
for some strange reason, so-called "scientists" continue pleading the 5th when called to explain <u>what</u>
is destroying the immune systems of <u>most</u> Americans at this time. Pharma's financial influence
controls the "health" industry, <u>many</u> politicians, the mainstream media, and evidently, <u>even our</u>
<u>judicial branch</u>, in order to maintain, and continually increase, this astonishing level of corruption
and human suffering, which is required to protect and advance pharma profits.

9. Thank God for the true "controls", of which, there are still approximately 830K still living in
America. By eliminating of the suspected cause, the *actual cause* has been proven far beyond any
reasonable doubt.

17 CRIMINAL ACTS

18 10. Practicing medicine without a license is no less a crime because a government official or
19 entity does so "equally" upon millions of "patients" whom they've never met. By signing any
20 vaccine-related "law" or executive "order", its signatory prescribes <u>non</u>-OTC injectable <u>drugs</u>, and
21 is therefore unlawfully practicing medicine without a license. Far from being a "Constitutionally
22 authorized" activity, it is a CRIME.

11. In most States, it is *also* a criminal act to aid and abet others in the practice of medicine
without a license, even if the accomplices (advisors) themselves do have a license. When injury or
death occurs as a result of these criminal acts, far more severe penalties accrue, and this provides a
private right of civil action for damages.

- 27
- 28

12. The criminal laws requiring a license to practice medicine do not make exceptions for
 "government" officials or entities, nor for judges. Judicial decrees which purport to grant
 government a license to practice medicine in an attempt to shield them from suffering criminal
 penalties for such acts, represent nothing more than a conspiracy to aid and abet these <u>criminal acts</u>.

5 **DEPRIVATION OF RIGHTS UNDER COLOR OF LAW**

13. Deprivation of rights under color of law, as a means of coercing the public's compliance
with the government's criminally-prescribed drug injections, does not fall within the scope of
"official judicial duties". When deaths result from such deprivations, the penalties can be equivalent
to the injuries caused by such violations, (death) while also providing for a private right of action. ¹³

10 14. No matter how much any court may argue that it does, the Constitution does <u>not</u> "authorize"
11 government to <u>first</u> strip Americans of their fundamental rights, and thereafter only "allow" for our
12 free exercise thereof, once we've produced evidence of injection with the unavoidably-unsafe drugs
13 which government has criminally "prescribed" for us.

14 The Cover-up is Evidence of the Defendant's Mens Rea

15 15. The Executive Branch's own agencies are busying burying the maimed and dead bodies via
their fully-corrupt VAERS system, which intentionally hides over 99% of the injuries and deaths
that are actually occurring shortly after injection. ¹⁴

18 **16.** One of the most recent little "tricks" used to cover up the evidence of injury and death, is the

19 standing order from the CDC, requiring that recently-vaccinated people who show up at hospitals

- 20
- 21

¹³ SEE: TITLE 18, U.S.C., SECTION 242

Whoever, under color of any law, statute, ordinance, regulation, or custom, willfully subjects any person in any State, Territory, Commonwealth, Possession, or District to the deprivation of any rights, privileges, or immunities secured or protected by the Constitution or laws of the United

States,....shall be fined under this title or imprisoned not more than one year, or both, and if bodily injury results from the acts committed in violation of this section [] shall be fined under this title, or imprisoned for any term of years or for life, or both, or may be sentenced to death. Also see: CA

²⁵ Penal Code 422.6. Also see: 42 U.S.C. 1983.

 ¹⁴ "Adverse events from vaccines are <u>common</u> but underreported, with <u>less than one percent</u> reported to the Food and Drug Administration (FDA)." See: Electronic Support for Public Health
 ²⁷ - Vaccine Adverse Event Reporting System (ESP: VAERS) at:

^{28 &}lt;u>https://digital.ahrq.gov/ahrq-funded-projects/electronic-support-public-health-vaccine-adverse-</u> event-reporting-system

with deadly vaccine-injuries, are to be *falsely classified as "unvaccinated"*. ¹⁵ This CDC directive
is equivalent to this Executive agency supplying the hospitals with bags of lime, shovels, and maps
to the nearest National Forests or other remote dumping grounds, *in combination with* direct orders
to HIDE these dead bodies. Refusal to examine the evidence is their *only* support for the fraudulent
slogans "no evidence" or the side-effects are "rare". Actively hiding the evidence is only evidence *of mens rea*.

17. When engaged in criminal acts, particularly when said criminal acts include depriving
citizens of their rights (and even their lives) 'under color of law', public officials lose immunity.
There are no government "official duties" which include *overtly* criminal acts resulting in mass
physical injuries and deaths. And there is no requirement that the Plaintiff prove the actors new their
criminal acts would result in injury or death.

18. Our courts are in no way authorized to grant in government, or *anyone else* for that matter, <u>a</u> *license to practice medicine*. There is simply no legitimate mechanism by which these criminal acts
can be transformed into "authorized" acts. No matter how desperately our courts attempt to abet this
criminal activity, their own corrupt motives in attempting to legitimize it, is no longer hidden.

16 **Praying for a <u>CIVIL</u> Remedy**

17 19. It is unlikely the American people may be counted upon to quietly accept their own physical
18 destruction, now deployed by the federal government at "warp speed", *merely* because the courts
19 refuse to act in accordance with our Nation's laws. Further judicial attempts to legitimize the
20 President's catastrophic vaccine programs will only more fully expose the fact our courts are now

21

²² ¹⁵ "According to the U.S. Centers for Disease Control and Prevention, you're not counted as fully vaccinated until a full 14 days have passed since your second injection in the case of Pfizer or 23 Moderna, or 14 days after your first dose of Janssen, despite the fact that over 80% of deaths after 24 the vaccines occur in this window. Anyone who dies within the first 14 days post-injection is counted as an unvaccinated death. Not only does this inaccurately inflate the unvaccinated death 25 toll, but it also hides the real dangers of the COVID shots, as the vast majority of deaths from these shots occur within the first two weeks" - Shockingly, CDC Now Lists Vaccinated Deaths 26 as Unvaccinated – First Published September 15th, 2021 by Dr. Mercola before censored – Republished and still available HERE: https://flybynews.wordpress.com/2021/09/15/shockingly-27 cdc-now-lists-vaccinated-deaths-as-unvaccinated/ 28 - 7 -DECLARATION OF PETITIONER JOY GARNER

committed to continuing to conspire with the federal government in a direct effort to bring about the
 physical destruction of the American people, and with them, the fall of our Republic.

20. In continuing to insist that the judicial branch may grant government a license to practice *coerced* medicine upon the American people - *as a precondition to the enjoyment of our rights* – the
courts will only destroy their own legitimacy and relevance. Perhaps a destabilizing civil war is *the actual goal* of those whose agenda our courts now appear to be serving? We shall soon see.

7 **21.** At the moment, the American people are still seeking, and most desperately praying for, a 8 *civil* remedy to prevent their own extermination at the hands of the U.S. Government, who acts in 9 collusion with numerous State governments to injure and/or kill Americans on entirely false 10 pretense of a "compelling interest" in "public health". It is for such purpose the Plaintiffs in this 11 case demand an *impartial* judge be appointed to oversee this case. Nobody with a conscience 12 prefers the alternative to a *civil* remedy. Plaintiffs pray they may find such *civil* remedy in our 13 courts, in order to prevent the collapse of their Nation, as well as to prevent, for themselves and 14 their loved-ones, profound personal injuries and/or death.

15 **CORRUPTION IS EVIDENT**

16 22. Even a cursory glance at the face of this complaint made it infinitely obvious to Shubb that
17 his personal financial conflicts *absolutely required* his immediate recusal. It could not possibly have
18 been *more obvious* to Shubb. But then, Shubb also knew what was just around the corner for this
19 stock values with the covid hysteria and the "warp speed" roll-out.

20 23. Shubb proceeded to take actions in this case which expose the fact his personal interests
21 *absolutely* affected his orders. Shubb even denied the existence of the Plaintiffs' allegations and
22 incontrovertible evidence showing that the President's vaccine programs, if not abated, will collapse
23 this Nation in less than a decade from now, *via the physical destruction of its people*, with
24 *mathematical certainty*.

24. Shubb's financial interests clearly stand to lose value with the forward progress of this case.
Likewise, if Shubb continues abusing his position of the bench to defend and protect the President's
agenda for the physical destruction of the American people, he is likely to reap *substantial* financial

28

DECLARATION OF PETITIONER JOY GARNER

rewards. But what would the extra money be worth in a world where America is no more? Maybe
 Shubb intends to sell at 'just the right moment' and buy gold? But what would any amount of gold
 be worth in a world without any right to private property? The rights Shubb would deny all
 Americans, (and has denied them for 11 months now) he and everyone he loves would lose as well.
 And Shubb does all of this, just so he can grab more money before he retires into the hellish
 nightmare that <u>he helped create</u>.

25. Do our Judges foolishly trust that these same criminals, whose agenda they now serve, will
later let them dine at *their* tables after they've managed *to collapse this Republic*? Do they believe
they can continue creating this hell-on-earth without fear they, and their own loved ones, will be
personally affected? Delusion much? The servants of such vile criminal conspiracies are never
ultimately rewarded as their masters had promised. There is no "honor" amongst any of these
demons.

13 CAPACITY TO SERVE

26. Judge Shubb's legally-deficient justification for dismissing this case, obviates a lack of both
ethical and mental capacity. This lack of capacity is clearly evidenced by Shubb's pitiable attempt
to reframe the complaint, claiming the Plaintiffs had <u>only</u> complained about vaccine "mandates",
and that they'd been silent as to the fact these destructive vaccine programs, <u>originating from the</u>
<u>Executive Branch</u> and it's subordinate agencies, are responsible for over 90% of the deadly and
disabling diseases suffered by Americans today.

20 27. The evidence that Shubb's claim is brazenly false, (the actual complaint and evidence
21 packages) has been published online *for all to see*, for the past 11 months now. By reframing the
22 complaint, (lying about its actual contents) Shubb was attempting to get around the fact that the
23 Executive Branch is *wholly* responsible for the damage caused by the vaccine programs, against
24 which the Plaintiffs had very directly, and *most vehemently*, complained.

25 28. And now the President himself has directly ordered nationwide vaccine "mandates" in
26 violation of all state criminal laws which prohibit him from prescribing *any* non-OTC drugs *to*27 *anyone* without a license to practice medicine. The President's advisors did not sign these executive

28

orders, which are in fact a mandated prescription for drugs. The President's advisors did however, 1 2 conspire in aiding and abetting the President to practice medicine without a license.

3 29. The Plaintiffs' "standing" to sue the Executive Branch was profoundly obvious at the time the complaint was filed, and is even more glaringly obvious at present. 4

5 **RECUSAL AND TO VACATE SHUBB'S ORDERS**

30. Due to the fact Judge Shubb had *blatantly obvious* personal financial reasons for having 6 dismissed our complaint, and due to the fact the evidence shows Shubb also engaged in unethical 7 acts in order to justify said dismissal. I demand that all orders entered in this case by Judge Shubb 8 be vacated and that he be prohibited from taking any further action in this case, either directly, or 9 10 indirectly, including any communications with anyone who may be affected by, or who is associated with this case, or to make any other attempts to affect the outcome of this case. 11 31. I demand that a truly impartial judge, i.e., a judge with no conflicts of interest, either direct, 12

or indirect, immediately be made available to hear this most urgent case which has now been 13 delayed by 11 months as a direct result of Shubb's personal interests in its outcome. 14

15
